PLEASE READ CAREFULLY BEFORE ORDERING

GUARANTEE

We exercise the greatest care to have first-class bulbs true to name and will replace free any stock proving otherwise. Please notify us at once if shipment should not arrive in a satisfactory condition.

ORDER EARLY

Many varieties are sold out early. Order promptly to avoid disappointments. But late orders will receive careful attention.

TERMS

Our terms are Net Cash before shipment unless arranged otherwise. 25% will hold winter orders until March first. Orders not fully paid for will be sent C. O. D. for the balance at time of shipment to you.

GRATIS

All orders are filled with a very liberal overcount. Gratis of varieties other than ordered are included in each customer's package. We strive to keep our prices as low as other reliable growers, and will gladly include overcount to cover any reasonable reduction after list is issued.

POSTAGE

All orders amounting to \$1.00 or over will be sent prepaid to any point in United States and Canada, if taken from our Prepaid List. On orders of less than \$1 add 15 cents postage.

PRICES

Prices listed herein cancel all previous quotations. All stock offered and orders accepted subject to prior sale. We will gladly meet any other grower's prices where possible.

WHOLESALE PER THOUSAND

If you will send us your list of wanted varieties, stating quantity and size of each, we will be very glad to quote you **SPECIAL REDUCED PRICES** on gladiolus bulbs **PER THOUSAND**, either Prepaid or f. o. b. Seabrook, N. H., as you prefer.

GLADIOLUS FOR THE PERSONAL GARDEN

During the season, we have received letters from customers asking if they could have certain colors, due to the fact that they do not want some one color in their garden.

So, we have decided to include in our catalog a type of collection, or rather mixture, of bulbs to suit the needs of these customers.

At \$5.00 per 100 for Large bulbs, \$2.50 for Medium size, we will mix the following combinations:

PINK AND WHITE

PINK AND BLUE

BLUE AND YELLOW

LAVENDER AND BLUE

PURPLE AND YELLOW

BUFF AND BLUE

RED AND WHITE

PINK AND YELLOW

RED AND YELLOW

YELLOW AND WHITE

APRICOT AND RED

CREAM AND SMOKY

These mixtures will be made up of light, medium and dark shades of each color specified, so that the blending will be harmonious. If you prefer any other two colors than above mentioned, write us to that effect.

CARE AND CULTURE OF GLADIOLUS

Select a sunny location away from the roots of trees and shrubs. Plant four to six inches deep, having bulbs five or six inches apart.

Place bulbs in a well worked trench in staggered or zigzag row— . . . and cover at first with about two inches of loam; when shoots begin to appear, work balance of loam into the trench. At all times keep the soil loose. As an aid to producing larger blooms work in fertilizer around the plants when about a foot or more in height and never at planting time. At the time flower spikes appear, abundant watering is very beneficial.

Bulbs should be dug as soon as you note the leaves turning yellow. Cut stem off half an inch above bulb, spread them out to dry for two or three days in a sunny location and then place in an open shed or room for two weeks or more before storing them away in a good dry cellar. Keep them spread out and not over three inches deep, give bulbs an occasional airing during the winter.

When cutting flowers leave at least four leaves remaining on the plant. Positive injury to the blooming qualities of the bulbs for the following year will occur if this precaution is not heeded.

For cut flowers, cut the spike when first bud fully opens. The remaining buds will open nicely and give a longer period of bloom and greater enjoyment.

Remove wilted blossoms, change water and cut off small portion of the stems each day.

CONTROL OF THRIP

This insect can be carried on clothing, from one field to another by birds, high winds or in bouquets. Many bulbs are perfectly clean when planted, yet contract Thrip before season is over.

Thrip are black and cream, 1-16 inch long and live in the folded gladiolus leaves. Sometimes they can be detected by the silvery sheen on leaves, although many times discovery is too late and the buds do not open, as the insect has extracted all juice from them previously.

When plants are about three inches tall and thrip is found, it is best to use a solution of the following as a **weekly spray**. One rounded tablespoon of Paris green, two pounds of brown sugar and three gallons of water well mixed. The solution must get into the folded leaves to be effective.

Or, if preferred, use 1 pound Tartar Emetic, 4 pounds brown sugar to 25 gallons water for weekly spray. Tartar Emetic is a deadly poison to human beings. Tartar Emetic spray will not burn the foliage.

If discovery is made too late, it is best to cut tops off, about six inches from ground and burn them, allow bulbs to stay in ground until digging time. The above spray can be used on remaining stalk to kill anything which might be left.

Dig, clean and dry bulbs in usual manner. Place thoroughly dry bulbs in boxes, heavy paper bags or receptacles. Sprinkle Napthalene Flakes at the rate of 1 pound to 2000 bulbs or 1 ounce to 100 corms over bulbs. Immediately cover receptacles with heavy paper or tie heavy paper bags at top to confine fumes. Keep bulbs at temperature of about 60 degrees for three weeks. Then shake off ALL FLAKES and store bulbs in dry place, uncovered, at 40-50 degrees for winter.

Warning—Treat stock in Fall, before roots swell or form at base. Napthalene adhering to bulbs will burn rootlets where they appear. Bulbs must be thoroughly dry before treating with Napthalene.

Bichloride of Mercury can be used to disinfect in proportion of 1 ounce to 8 gallons of water, or 10-5 grain tablets to gallon water, or if only a small amount of bulbs use 1-5 grain tablet to 1 pint water, soaking bulbs in solution for 3 hours. If many varieties to soak at same time, place them in sugar, salt or net bags, labelling each variety, using little wood labels. A waterproof pencil can be used on the labels for marking.

NAPTHALENE FLAKES, 2 POUND PACKAGE, 50 CENTS

LYSOL DISINFECTANT.—As a dip for gladiolus bulbs, it has proven very satisfactory, 4 teaspoonsfuls of Lysol mixed in 1 gallon of water, soaking the bulbs for 6 hours eliminates thrip and stimulates root growth.

Although this method has not been tried by us, we have known of others who have had success with Lysol. It may prove more satisfactory than the Mercury method.

MIXTURES

We have long been noted for the excellence of our mixtures, stating, with reasonable assurance, that there are but few growers able to offer as varied and choice assortments such as we assemble. The bulbs are all $1\frac{1}{4}$ inches and over, and not the medium bulbs 1 inch or smaller, such as many offer at even greater prices. If you want medium bulbs, pay only what you should.

GARDEN MIXTURE

Composing many fine varieties, all colors. Splendid for a gorgeous garden display or flowers for cutting. \$2.00 per hundred, fifty for \$1.00 or 25c a dozen. Medium bulbs \$1.25 per hundred.

PRIMULINUS MIXTURE

For daintiness and quality, there is nothing that can equal our Primulinus Hybrids. For table or interior decorating, they are unsurpassed. \$3.00 per hundred, fifty for \$1.50 or 50c doz. Medium bulbs \$1.50 per hundred.

SEABROOK MIXTURE

Exhibition Types

Made up of a large number of very choice varieties of superior merit. If bought under name the bulbs would cost many times the price asked. \$4.00 per hundred, \$2.00 for fifty, 60c doz. Medium bulbs \$2.50 per hundred, \$1.25 for 50.

DELUXE COLLECTION

To satisfy the demand for a mixture containing the choicest varieties that it would be possible to buy for a reasonable price, we offer this collection with the assurance given that you will be agreeably surprised at the wonderful value. Every bulb that is put into this collection is from a variety of the finest exhibition type and collection well balanced as to colors. \$6.00 per hundred, \$3.00 for fifty, \$1.50 for twenty-five. Medium bulbs, \$4.00 per hundred. \$2.00 for 50.

COLOR COLLECTION

Ten large bulbs, each color labeled, 100 bulbs in all, Yellow, Red, Pink, Cream, Salmon, Lavender, White, Purple, Orange and Old Rose. These are put up in three grades, \$2.00, \$4.00, and \$6.00. We can assemble these also in packages of 5 each at half price.

IRIS

We have numerous varieties not labeled that can only be sold in mixtures. All good sorts in a varied collection, \$1.00 dozen. Also lots of single Colors for \$1. dozen. Buy a Yellow, White, Orchid or Mahogany collection.

Year End
Message of Thanks!

WE'RE NEVER TOO BUSY TO SAY "THANK YOU" to our patrons nor are we ever too busy to give complete and careful attention to everyone who comes to our gardens or orders by mail. But at the year-end the members of SEABROOK NURSERIES feel urged to express a very special "THANK YOU" to cover the whole year and to go to all the friends whose patronage and good will have meant so much to our success.

So we are sending you this sincere message of appreciation to let you know what is in our hearts. We invite you to visit our 20 acres of gladiolus, in bloom from July 15th until frost, located on U. S. Route 1, main highway to Portsmouth, N. H., six miles from Newburyport, Mass.

We also wish to extend our greetings for the New Year,

SEABROOK NURSERIES,
Seabrook, N. H.
